BoS Meetings - Nicole was home with a headache.

Rec Committee - Ken talked about taking down the skating rink plastic and trying to roll it up and use it again next year. It had no leaks.

Thank you, Nick Bennett for all you did and goodbye. You will be missed.

We talked about Spring Clean Up and Ken said he would not be available that weekend.

Caro agreed to advertise in the Vershire List Serve, and Facebook page. She will ask Liz for some help with that as far as Artwork goes.

Caro and Ken wondered what we need the tractor for?

Lots of raking to do and tables need to be sanded and sealed.

The Christmas Tree needs to be removed. Caro and Ken agreed that it would be a great bonfire for the end of the school year celebration. Ken said he would take care of it.

Where should we take the green tables that we are getting rid of? Steve wants one up by the firework launch. "You cannot know real love until you have launched". Katy Perry, 2025

At 7:32 Caro moved to adjourn and Ken seconded the motion.
