Selectboard - Brief discussion regarding the one year COAL for Allen's Salvage Yard.

A. LaFlamme is in acceptance of the proposed one-year COAL. He has a 3rd party coming in to crush approximately 300-500 cars, he is just waiting on rates. He has been told to have additional flaggers if workers will be on the road during this process. Until he can make space, he may have his current crusher temporarily in the customer parking area. The Selectboard discussed having better signage and to make sure all equipment is behind the gate. No work is to be done on Saturdays and Sundays and the earliest equipment can be run on weekdays is at 7am. The gates are scheduled to be fixed at the end of the month. V. Stone suggested privacy slats for the gate.

A. LaFlamme will send A. Cunha a date when the crushing will start and she will communicate that to the board. A. LaFlamme will continue to clean and sort the area in preparation for work being done.

Adjourn: V.Stone moved to adjourn the meeting at 6:32pm. N. White-Fogarty seconded. The motion passed unanimously.
